

D12

DIVISION 12 CONSULTING

DUNS NUMBER: 968558648

CAGE CODE: 8BQ12

INTRODUCTION

Division 12 Consulting is a full-service contract furniture supplier based in Alabama with Sales offices in Birmingham, Montgomery, Huntsville, and Atlanta. We have the capabilities to assist with planning, design, procurement, and installation of furniture for projects of any size. D12 represents a wide array of manufacturers for all aspects of campus needs including student desks, tables, and chairs along with administrative and lounge areas, cafeterias, dormitory furniture, and site furnishings.

We are most familiar with the Alabama State Contracts and are a servicing dealer for all the manufacturers that we represent. In many cases D12 can increase the standard discounts offered by the T390 contract, thereby providing lower prices.

D12 is a minority-owned company with an SBA (8), ADECA MBE and ALDOT DBE certification. If you have minority participation goals, **D12 can help**. We have built our business for the past 15 years on college campuses and we are ready to help you. If you need some furniture now, please contact the Business POC listed below. If we can assist with longer term projects, we are ready to talk. Even if you want one chair, we welcome your call.

If you would excuse the old saying, "A company is only as good as it's people.", here is some background on some of D12's people. Our varied backgrounds are part of our strength. Our President is an architect by trade and he sees the big picture, just like an architect you might hire. He also helps us work with your chosen architect ... he speaks their language. Our VP of Project Management/Account Management has 25 years of project management where he cut his teeth with a large general contractor. There he mastered his process skills. At D12 he manages your project from design to installation. Our designers have designed for commercial spaces for over 35 years and they have the skills to design your space and the good taste to help with upholstery. Our Director of Marketing & Sales, Judd Levenson has a deep knowledge of commercial furniture from a 40-year career representing contract furniture manufacturers here in Alabama. He knows how furniture is built, and can make sure that the products you buy will have lasting value. The benefit of our varied experience is the knowledge it brings, and we use that knowledge to make furniture acquisition simple and easy.
